

## Milano Software Announces New Partnership with Eurisko Design

November 9, 2009 Richmond Hill ON – Milano Software is pleased to announce that they have formed a strategic partnership with Eurisko Design.

Milano Software has been a leader promoting business excellence in the beauty industry. They have strategically partnered with industry influencers across North America. Their partnership with Eurisko further demonstrates their commitment to assisting their clients in business development. Eurisko's mandate is to design salon and retail furniture solutions that enhance the salon image and contribute to their client's success. An environment that creates a unique experience for the consumer and maximizes the potential for the salons success.

"We're delighted to announce this partnership," states Paul Pagliaro, Milano Software CEO. "We feel very comfortable recommending Eurisko to our clients that are seeking a vibrant retail and design solution. Eurisko and Milano share a common vision; to provide incomparable customer service outside of the traditional boundaries."

Leon Alexander, President of Eurisko Design adds, "Our commitment to the client is to seek unique and cutting edge solutions that will enhance their business. We've observed this same commitment is shared by Milano."

Alexander and Fran Bigelow, VP of Chains and Business Development, Milano Software will be developing an educational tour, aimed at supplying advanced business solutions for salon owners. They will be presenting across North America at major beauty trade shows.
